

Proof of Residency – Updated 7-1-2024

Proof of residency can be established in one of the following ways:

- I. You are on the deed, in which case you are in our system as a member or a membership will be created upon providing a copy of the deed or closing documents.
- II. You have a current Maryland driver's license, Maryland State ID or other valid government issued ID that states your address in Inverness (due to past abuse we can no longer accept the MVA change of address card as proof of Inverness address).
- III. With a valid photo id (even with a non-Inverness address), you present or scan 2 of the following: recent official or commercial document stating your Inverness address OR a post-marked official or commercial envelope addressed to you at your Inverness address, such as government or official correspondence; credit card or bank statement; insurance policy, card, or bill; school transcript; cell phone carrier or utility bill; pay stub. All documents must be recent and/or current. The Pool Committee will exercise reasonable judgment in determining whether the documents submitted establish proof of residency.
